

September 20, 2019

To the Residents and Businesses of the  
1900 and 2000 blocks of Government Street  
Victoria, BC

Dear Residents and Business Owners

**Re: 1900 and 2000 blocks of Government Street – Changes to Parking  
Restrictions**

The Transportation Section and Parking Services have reviewed the parking restrictions, on-street parking utilization, and land use on the 1900 and 2000 blocks of Government Street. In order to better accommodate residents, visitors, businesses, and the needs of their employees and customers, we will be converting the existing 2-hour time limited parking to metered parking.

The changes will occur on both sides of both blocks; this metered parking will allow for a maximum stay of 24 hours, at \$1.50 per hour, parking rates will be in effect daily, from 9:00 a.m. – 6:00 p.m. All existing Passenger and Commercial Loading zones will remain unchanged.

If you have any questions or comments, please contact Ismo Husu, Manager of Parking Services directly at 250.361.0330 or [ihusu@victoria.ca](mailto:ihusu@victoria.ca) prior to October 11, 2019.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bronwyn Crowder".

Bronwyn Crowder  
Transportation Technician
