NOTICE OF CONSTRUCTION

**Bridge Street at Hillside Avenue
Crosswalk Installation
November 2017 – December 2017**

Dear Sir/ Madam,

The City of Victoria will be constructing a new crosswalk with street lighting at Bridge Street and Hillside Avenue. Construction is tentatively scheduled to start the week of November 20, 2017 and is expected to be completed in December. Improvements for this project are as follows:

- **Crosswalk (New):** Installation of a new crosswalk will improve pedestrian accessibility. Improvements will include wheel chair letdowns, street lighting, solar powered flashing beacons and pedestrian signage.
- **Storm drain installation:** A new storm drain will improve water drainage on the street

In order to facilitate the new crosswalk one parking spot is being permanently removed at the SW corner.

The City of Victoria will work to minimize inconveniences during construction. Local access will be maintained and some parking restrictions will be required. The construction area will be clearly marked with signs.

If you have any questions, comments or concerns regarding this project please contact the undersigned at 250 883 0513 or cjalonen@victoria.ca

Regards,

Christopher Jalonen, ASCT
